*Type I Care
defining excellence in senior care™*

In the gracious atmosphere of Bel Aire we provide the individual care you would expect for your loved one, with 24-hour supervision and personal assistance as needed. Daily housekeeping and clothes laundering come as standard services. Delicious meals and snacks are attractively prepared and served in our dining room.

Opportunities to participate in musical performances and activities, highlighted by personal pampering on Spa Day, are a part of the Bel Aire environment. At Bel Aire the emphasis is on quality of life. Our residents can join in aerobic exercise, music therapy, humanitarian projects, Lunchtime trivia, Bingo and Dominoes, LDS Church meetings, health awareness activities, and much more.

Our friendly and caring staff are some of the finest CNAs and elderly aides in the State of Utah. They are actively involved with our residents in many of their activities of daily living.

As a natural addition, the home is nestled in peaceful surroundings with a panoramic view of majestic Mt. Timpanogos. Our residence is tucked in a delightful, quiet neighborhood.

Come see why so many people are pleased with Bel Aire:

"We will always remember the wonderful care Dad received while he was at Bel Aire. That truly seemed like 'home' to him."

"Thank you for the good care and love you gave to Mom for the almost 2-1/2 years she spent with you. I don't think she would have done as well anywhere else."

"You provided a nice place where Mom could be loved and cared for. Thanks for the way you treated her, with love and respect. I will always be grateful"

We now invite you to experience Bel Aire for yourself. Call or come tour our assisted living residence. We look forward to meeting you and serving your family.
